Yes

Question #3: Our industry has seen an influx of "unfunded mandates" - items that cost providers additional money without subsequent compensation, such as the increase in minimum wage, the Affordable Care Act, increased regulatory fees and the new Department of Labor Overtime Rule to name a few. When the government adds a new mandate what is its responsibility in supporting government funded businesses to pay for those mandates?

Did your organization take an active role in fighting the increase of the minimum wage?
